

## HACC's Digital Art and Technology Program

<https://youtu.be/tMbE5ZsxQ8M>

[The video opens on a red screen. The text "AI" slides on screen and is then pushed off by the text "VR." Last, "VR" is pushed off screen by the text "Video Games".]

### **VOICEOVER:**

Work with artificial intelligence, virtual reality and video games

[The red screen wipes to reveal a close-up photo of a student drawing hearts on a graphics application on a table.]

### **VO:**

in HACC's new Digital Art and Technology Program.

[A red screen wipes the screen again to reveal a medium shot photo of a student working on a laptop. Then, the red screen wipes again to reveal a photo of a person working on a graphics program on a desktop computer with dual screen monitors inside a computer lab.]

### **VO:**

Build YOUR creative portfolio while taking online classes.

[The red screen wipes again to reveal a HACC logo and the text, "YOUR creative journey awaits. [hacc.edu/DigitalArtTech](http://hacc.edu/DigitalArtTech). Creatively YOURS."]
