

Funds for Excellence

Goal: \$1.5 million

Green 3-D Printing

The TE Connectivity 3-D Print Lab in action! HACC supporters are extremely excited for our community to have access to this technology. A HACC alumnus has even printed a shifter for his car!

Auto Lab

HACC's York Campus has used President's Fund for Excellence funds to upgrade its auto lab and obtain National Automotive Technicians Education Foundation (NATEF) accreditation. HACC students and dual-enrollment students now have access to a state-of-the-art auto lab where they can hone their crafts and later help the community.

Innovation is key to students' success at HACC, Central Pennsylvania's Community College. Gifts to any fund for excellence give the College the capacity to launch special initiatives, capitalize on new opportunities to strengthen student programs and meet pressing needs as they arise.

There has never been a more exciting time to make a gift to foster innovation at HACC by creating YOUR very own specialized fund for excellence! HACC supporters have come together to create specialized funds, including:

Fund for Excellence for Science, Technology, Engineering and Math (STEM)	Fund for Excellence for Virtual Learning	Fund for Excellence for Workforce Development	Fund for Inclusive Excellence	Global Education Fund for Excellence	And many more!
---	---	--	--------------------------------------	---	-----------------------

By making a gift to a specialized fund for excellence, you will be helping your favorite programs remain on the cutting-edge of innovation. Funds for excellence have provided monies to:

- Provide "Essential Anatomy" application of 3-D anatomical models at HACC's **Gettysburg** Campus
- Develop a Community Innovation Center on HACC's **Harrisburg** Campus
- Establish HACC's first collaborative classroom at HACC's **Lancaster** Campus
- Upgrade and obtain NATEF accreditation for the Auto Lab at HACC's **York** Campus

Because of the generosity of supporters like YOU, we are one-fourth of the way to reaching this goal, but we still have a long way to go to help our students and staff remain innovative! YOU can support innovation at HACC by visiting hacc.edu/GiveNow to make a gift to one our many funds for excellence.

For more information, please contact the HACC Foundation at foundation@hacc.edu.
