Enrollment to top 23,000

Enrollment in HACC’s credit programs is expected to top 23,000 college-wide this fall, once the final registration numbers are counted. In the past 10 years, enrollment has more than doubled at Central Pennsylvania’s community college. Some of the greatest increase this fall, 11.4%, is being seen at the Gettysburg campus. York is up 6.5% over last year, and HACC’s virtual campus is 9.7% higher.

Young at HACC helm, search on

Ronald R. Young, provost and vice president of academic affairs and enrollment management, is serving as HACC’s interim president until the board appoints a new president to replace former President Edna Baehre, Ph.D. A veteran educator, Young has been employed at the college for more than 30 years, starting as a faculty member and rising to dean and then to vice president of academic affairs. Meanwhile, the college has retained the Association of Community College Trustees (ACCT) to aid in a national search for Dr. Baehre’s replacement. You can follow our progress by going to Presidential Search online.

HACC names legislative director

Gretchen L. Ramsey has been named as HACC’s new director of legislative affairs. Ramsey previously was campus development officer for the Harrisburg Campus. In her new role, Ramsey will serve as primary liaison between the college and all elected officials. Ramsey brings more than a decade of government and business experience to her new position. Prior to joining the college, she was the transportation and technology lobbyist for the Pennsylvania Chamber. In earlier positions, Ramsey had served as legislative director for the Pennsylvania Senate and as a government affairs associate for a managed care trade association.
