From the Office of the Campus VP

Dear campus colleagues,

Welcome back to the fall 2013 semester. I have had the pleasure of getting to speak with many colleagues at the Lebanon campus. Thank you for making me feel welcome and for inviting me into your discussion on how to improve services to our students. As we move through the semester I plan to keep you posted on the status of enrollment. I will work with various groups to discuss how we can all help improve enrollment at our campus. I’d like to collect ideas and share so that we can share our best practices.

We have a beautiful facility that we can showcase to the community. With your help we can demonstrate our commitment to this campus and our community.

You’ll be hearing from me in the next few weeks about opportunities to share ideas and direction for the campus.

Have a wonderful fall semester!

Lois

End of Summer Picnic

It has become tradition at the Lebanon Campus to celebrate the end of summer and the excitement of the upcoming fall semester with our annual summer picnic, held this year on August 14. Hamburgers and hot dogs were provided, with staff and faculty sharing their favorite covered dish.

A big THANK YOU goes to Denis Deslongchamp for serving as the grill master!
From the Office of Safety and Security

Emergency call boxes have been strategically placed near the elevators on each floor of the campus. When you press the button you will be connected directly to an officer on duty. As you explore the campus, make a point of noting where the call boxes are located.

Call boxes can be used for assistance, as well as to report any incident, including:
- Crimes
- Suspicious persons
- Lost, found or stolen property
- Medical problems
- Fire
- Asking for directions
- Request a personal escort

When activating a call box:
- Press the red button and then wait for an officer to answer
- Speak clearly and state your name, location and question or emergency
- Follow the officer’s instructions
- Do not leave the area unless your physical safety is in danger
- All call box activations are investigated regardless of a response.

Feel free to stop by your campus public safety department to learn more about the use of the call boxes. If you ever find any problems regarding the condition and/or use of the emergency call boxes contact the public safety department as well.

On June 19, the entire Facilities staff attended the annual Lancaster-Lebanon IU 13 custodial/maintenance workshop at Donegal High School. It was a day filled with many fun and educational opportunities. They had the chance to see what is new in cleaning equipment, supplies and chemicals and could talk directly with the manufacturers in many cases. Breakout sessions were available on a variety of subjects, such as *how to clean a room in 15 minutes* and *how to deal with an intruder/active shooter*. The local fire departments sponsored a Smoke Trailer, where they could experience what it is like to find your way out of a smoke filled room, which they found very interesting and a bit scary. The staff also participated in a Pine Wood Derby race as well. All four of them built their own cars (with a little help from friends). They didn’t win anything, but it was a fun opportunity to network with colleagues in the K-12 area. Overall, they felt it was a great opportunity to get the entire staff off-campus and learn a little something at the same time. The Facilities staff thanks Eleanor Bosserman and Lois Schaffer for seeing the value in this workshop and permitting them to attend.

Ms. Melusky, as a long time adjunct faculty member, has demonstrated her commitment to the community college mission of HACC, and even more importantly to the students that she teaches. This can be supported by a consistently high percentage in the SEEQ evaluations, classroom observations, unsolicited emails and positive personal comments from current and former students.

Lunch and Learn - October 10

“The Eyes Have It,” a free exhibit featuring photographs taken at the Wolf Sanctuary of PA by Manheim photographer Chuck Rineer, will be on display Thursday, Oct. 10 to Monday, Nov. 4, 2013, at HACC’s Lebanon Campus.

Rineer will talk about his work during a Lunch and Learn on Thursday, Oct. 10 at 12:30 p.m., followed by a reception for the artist. The public is invited to attend the program, which will include volunteers from the nonprofit rescue sanctuary located just north of Lititz.

“My intent is to allure you to a point of curiosity through eye-to-eye contact with nature,” said Rineer, a critically acclaimed photographer whose work has been chosen by National Geographic for the magazine’s photo library, featured in Readers Digest, the Washington Post, local newspapers and magazines as well as in several published books. His study and photography of wolves, especially those inhabiting the sanctuary, has been a priceless experience, said Rineer, who strongly supports the efforts of the nonprofit rescue group and is a volunteer tour guide for the sanctuary. He recently accepted membership on a National Geographic research panel regarding nature photography.

Those attending are asked to bring their own lunch and beverage. Light refreshments will be served during the program.
