PRESIDENT’S AWARD WINNER

Congratulations to our own Robin Sanders who received the 2014 President’s Award for her work with student financial literacy.

Robin has spent significant hours developing learning modules and delivering the content to College Success classes – even making the content available in D2L to all instructors across the college. Many FS 100 faculty report that Robin’s presentations are some of the most helpful of the course.

Thanks, Robin for all of your dedication to our students’ success!

FROM THE OFFICE OF THE CAMPUS VICE PRESIDENT

Greetings!

Just as the weather is cooling off, things are heating up on campus! Participation at this year’s events and activities has been really strong. Thank you for coming out and engaging with students in this way. To me it’s one of the perks of working at HACC—so much to learn about and opportunities to have fun together, too.

On the serious side, October is Domestic Violence Awareness Month. We are engaged in a national conversation of consciousness raising that is too timely not to reach our campus. Chances are you’ve noticed the flyers and emails announcing Sex Week from October 6-10.

http://haccyorksexweek.weebly.com/sex-week-events.html

Provocative? Yes, but check out the events and you’ll see that we are educating, informing and elevating the conversation. Domestic violence has dropped by close to 60% over the last 20 years due in large part to national efforts championed locally by some of our partners participating in our education events, Planned Parenthood of Central PA and YWCA of York. Please make time to attend one of these worthy conversations.

STUDENT PUBLICATION SEEKS NEW MEMBERS AND OFFICERS

*The White Rose Journal*, the York Campus’ student literary magazine, is gearing up for the production of its 2014-2015 edition. Unfortunately, the club had to say goodbye to a significant number of members and club officers this past year; therefore, **we are currently seeking committed individuals who want to share their talents to become part of this year’s publication staff.** If you have students in your classes whom you feel would be an asset to the club, please direct them to Jeanne Purtell, *White Rose Journal* advisor.

Students who do not wish to be on the staff but who are interested in contributing to the journal may begin submitting their creative works now. **In fact, students, faculty and staff from the York Campus are welcome to submit poetry, short stories, essays or artistic works such as photography, paintings, graphic design, sculpture, and the like for potential selection for the Spring 2015 edition of the journal.** Hopefully you will mention *The White Rose Journal* to your students and encourage their submissions.

All submissions can be submitted via the following link:  jmpurtel@hacc.edu

The submission deadline is February 1, 2015. Individuals may submit as often and as much as they like, but since we want to publish as many original works from as many individuals as possible, there may be a limit to the number of pieces published by each person.

Looking forward to seeing the unique talents of our HACC York community!

BUSINESS CLUB

The Business Club had its first meeting on Thursday, September 25, and Jason Sidock, owner and **CEO of Texas BBQ Brigade Sauce, spoke to the group.** Jason discussed becoming an entrepreneur and the process he has gone through in starting his company. He reviewed cash investments, labeling and bottling, as well as government regulations. Jason explained the distribution channel and marketing his product to consumers. Thirty-seven students attended his presentation, and samples were provided.
Library & Information Resources Department
Annual Report 2013/2014

It is tempting to believe that books are obsolete and that everything is on-line.
Our students don’t think so.
HACC libraries loaned about 47,000 items in FY2013/14

HACC Libraries offer hundreds of databases to our students; Films on Demand, ProQuest and Ebsco are among the most heavily used. Last year students watched more than 11,000 films and downloaded about 275,000 documents from EBSCO alone.

Librarians teach. Librarians build relationships with instructors, working as partners to teach students how to find, evaluate and use information.

In 2013/2014 librarians taught 1,071 Information Literacy sessions in front of 19,974 students.

This year, York Library staff answered more than 8,000 questions from students, with questions ranging from “Where is the bathroom?” to locating complex data from scholarly journals.

Students in the York Library:

Librarians at York taught 189 Information Literacy sessions aimed at helping students find and evaluate information.

TIPS FROM SAFETY AND SECURITY

What You Can Do?

Your involvement is essential to the prevention of crime on campus. Disinterest and complacency are the prime contributors to the success of a crime. The burden of crime prevention rests not only with the security Department but also with each member of the HACC community.

Campus Safety and Security Officers cannot be everywhere at once and are, therefore, dependent upon you to recognize and report incidents of suspicious and criminal activity. The extent of your cooperation will greatly influence security’s effectiveness in combating crime. Doing your part means:

1. Being aware of your vulnerability to protect yourself and your property.
2. Being alert for suspicious or criminal activity and conditions that may represent a hazard to the community.
3. Getting involved by becoming more security conscious by reporting all incidents of suspicious and criminal activity, no matter how insignificant, to security immediately.

Remember that unreported crimes cannot be solved, by not reporting the crimes you allow the perpetrators to commit additional and perhaps more serious crimes. Many times crime solving depends upon how accurately and promptly the incident is reported.

It is important that you are able to provide as much of the following information as possible:

1. The nature of the incident.
2. When and where the incident occurred.
3. Number of persons involved (names, sex, race, age, height, hair style/color complexion, distinctive characteristics, i.e. facial features, scars, physical defects, glasses, clothing, etc.).
5. Vehicles involved (color, type, make, model, license plate number and state, distinctive characteristics, i.e., decals, bumper stickers, damage, number of occupants, etc.).
6. Description of stolen property (item, manufacturer, model number, serial number, value, color, dimensions, etc.).
7. Any other applicable information.

Remember, safety is everyone’s responsibility!
**HACC STUDENT FOOD DRIVE**

Do your part and participate in the “HACC to HACC Challenge” starting this month! We are reaching out to everyone for our 5th Annual food drive. The SGA, in conjunction with the bookstore, is asking for donations of non-perishable food items to be distributed to HACC York students in need.

Here is the FUN part. **This year there is a challenge to see who donates the most food.** There will be bins placed in each building labeled STUDENT, FACULTY, STAFF. Put your food donations in the appropriate bins and at the end of the food drive the winning group will be announced and have “bragging rights”! All items collected will directly benefit our own HACC York students in need, so open your hearts and donate as many non-perishable food items as you possibly can. Let’s make this year’s food drive the best one yet!!
