6-Month Survey Results**

2005/2006 – 2009/2010 Graduates

August 2011

Graduate Employment And Educational Status 6-Month Survey Results -- Graduating Classes of 2005-06 Through 2009-10

This report contains the educational and employment outcomes for graduates of Harrisburg Area Community College based on surveys of these students six months after they had graduated. Many of the students had entered the workforce, working full-time in jobs related to their fields of study. A number of other students had enrolled in senior institutions and were working towards completion of their baccalaureate degrees. Indicators of how many HACC graduates enrolled at other schools and how many were still completing baccalaureate degrees are shown for each curriculum.

For this report, the outcomes are aggregated for five classes of graduates including the 2005/06 through 2009/10 classes. The report presents survey results for each curriculum separately. All questions were taken from the 6-month surveys of HACC graduates that are conducted annually by the Office of Institutional Research and Planning. The first page for each curriculum covers three main areas: satisfaction, employment, and continued education. The second page for each curriculum includes a representative sample of job titles and employers listed alphabetically. In addition, schools to which graduates transferred are shown. Results are presented only for those curriculums where at least five students over the five years responded.

The first six pages show the outcomes for all graduates and then by degree type: Transfer Degree, Career Degree, General Studies Degree, Certificate, and Diploma.

For further information, please contact the Office of Institutional Research and Planning.

HACC 6-MONTH GRADUATE SURVEY RESULTS 2005-2006 THROUGH 2009-2010

All Graduates

Total Number of Graduates 7893 Number Responding to Survey 2665 Response Rate 33.8%

1. In general, how would you rate your academic program at HACC?

Excellent.....42.1%	Fair..... 4.9%
Good.....52.5%	Poor 0.6%

2. Would you recommend HACC to another person interested in the same field of study? Yes.....94.9% No..... 5.1%

3. Did you accomplish the objective you set for yourself at HACC?

Yes, Fully..... 73.7% Yes, Partly..... 24.8% No .. 1.5%

4. What is your present work status outside of the home?

Full-time.....64.0% Part-time.....21.6% Unemployed....14.4%

5. How long have you been in the workforce?

Less than 2 years 14.8%	7 to 9 years 14.8%
2 to 6 years..... 27.2%	10 or more years..... 43.2%

6. Did you earn a raise or promotion as a result of your degree?

Yes26.0% No..... 74.0%

7. What is your annual gross income?

Less than \$15,000..... 6.1%	\$45-\$59,999 21.6%
\$15-\$29,99936.5%	\$60,000 and up 6.5%
\$30-\$44,99928.2%	\$75,000 and up 1.0%

Data is shown only for majors where at least 5 graduates responded to this survey.
This major had 1342 graduates who worked full-time in jobs related to their education.

8. To what extent is your training at HACC related to your job?

Directly.....43.1% Somewhat29.7% Not Related.....27.2%

9. Was your diploma/certificate/degree an important factor in securing your present position?

Yes.....41.8% No.....58.2%

10. What is your present position?

Full-time and seeking better job	11.5%
Full-time with potential for career advancement	43.1%
Full-time with little or no upward mobility	14.8%
In the Armed Forces.....	0.4%
Part-time and attending or planning to attend school	17.9%
Part-time seeking full-time job.....	4.0%
Part-time with no plan for school or full-time job	1.8%
Other.....	6.6%

11. If you are unemployed what describes your situation?

Am attending school	65.7%
Am seeking employment.....	17.0%
Do not want employment or school	1.3%
Am retired.....	1.4%
Other	14.7%

12. Have you transferred to another educational institution since graduating from HACC? Yes39.7% No.....60.3%

13. (For transfer students) Is your major a continuation of your program at HACC? Yes..... 77.7% No..... 22.3%

14. (For transfer students) Did you encounter any difficulties in the transfer process? Yes..... 24.9% No..... 75.1%

15. (For transfers) If you had difficulty, what was most difficult?

Some credits from HACC did not transfer	51.5%
Some courses did not fulfill requirements.....	19.8%
Changed major	4.1%
Changed choice of 4-yr college	4.1%

16. Combined Educational and Employment Status

Related Employment (FT or PT).....	62.2%
Continuing Education.....	21.0%
Unrelated Employment	11.6%
Unemployed	5.1%

This is a hierarchical measure based on the employment and educational status of graduates. Graduates employed in jobs related to their education are in the top category. The second ranking includes students not employed in related jobs who transferred to other schools. The third ranking includes graduates employed in unrelated jobs and the final includes graduates who are unemployed and not enrolled in another college or university.

16. Combined Educational and Employment Status

Related Employment (FT or PT)..... 100.0%
 Continuing Education 0.0%
 Unrelated Employment 0.0%
 Unemployed 0.0%

This is a hierarchical measure based on the employment and educational status of graduates. Graduates employed in jobs related to their education are in the top category. The second ranking includes students not employed in related jobs who transferred to other schools. The third ranking includes graduates employed in unrelated jobs and the final includes graduates who are unemployed and not enrolled in another college or university.

\$30-\$44,99925.9%	\$75,000 and up 0.0%

Data is shown only for majors where at least 5 graduates responded to this survey.
This major had 27 graduates who worked full-time in jobs related to their education.

8. To what extent is your training at HACC related to your job?

Directly.....90.6% Somewhat 0.0% Not Related..... 9.4%

9. Was your diploma/certificate/degree an important factor in securing your present position?

Yes.....90.3% No..... 9.7%

10. What is your present position?

Full-time and seeking better job	3.1%
Full-time with potential for career advancement	75.0%
Full-time with little or no upward mobility	6.3%
In the Armed Forces.....	0.0%
Part-time and attending or planning to attend school	3.1%
Part-time seeking full-time job.....	6.3%
Part-time with no plan for school or full-time job	3.1%
Other.....	3.1%

11. If you are unemployed what describes your situation?

Am attending school	0.0%
Am seeking employment.....	100.0%
Do not want employment or school	0.0%
Am retired.....	0.0%
Other	0.0%

12. Have you transferred to another educational institution since graduating from HACC? Yes 18.2% No.....81.8%

13. (For transfer students) Is your major a continuation of your program at HACC? Yes..... 71.4% No..... 28.6%

14. (For transfer students) Did you encounter any difficulties in the transfer process? Yes..... 0.0% No..... 100.0%

15. (For transfers) If you had difficulty, what was most difficult?

Some credits from HACC did not transfer	%
Some courses did not fulfill requirements.....	%
Changed major	%
Changed choice of 4-yr college	%

16. Combined Educational and Employment Status

Related Employment (FT or PT).....	87.9%
Continuing Education.....	0.0%
Unrelated Employment	9.1%
Unemployed	3.0%

This is a hierarchical measure based on the employment and educational status of graduates. Graduates employed in jobs related to their education are in the top category. The second ranking includes students not employed in related jobs who transferred to other schools. The third ranking includes graduates employed in unrelated jobs and the final includes graduates who are unemployed and not enrolled in another college or university.

This is a hierarchical measure based on the employment and educational status of graduates. Graduates employed in jobs related to their education are in the top category. The second ranking includes students not employed in related jobs who transferred to other schools. The third ranking includes graduates employed in unrelated jobs and the final includes graduates who are unemployed and not enrolled in another college or university.

Unrelated Employment	0.0%
Unemployed	12.5%

This is a hierarchical measure based on the employment and educational status of graduates. Graduates employed in jobs related to their education are in the top category. The second ranking includes students not employed in related jobs who transferred to other schools. The third ranking includes graduates employed in unrelated jobs and the final includes graduates who are unemployed and not enrolled in another college or university.
