

Let me introduce you to...

Anne Martin

Maurice C. Overholt 2010-11 Alumni Association Scholarship

Hometown: Lebanon

Campus Attending: Lebanon

Major: Psychology

“Receiving the Alumni Association Scholarship meant I could go to school this year. My parents are missionaries and don’t have much money. I pay all my own expenses. Because of this scholarship, I don’t have to work full time now and can focus more on my studies. The scholarship literally changes lives. I can’t even explain how thankful I am for this opportunity.”

A native of St. Louis, Anne moved half way across the country in August 2009 to complete a community service internship with Cornerstone Christian Fellowship in Lebanon. Although the 19-year-old honors student works full time and carries a full class load at HACC’s Lebanon Campus, she still finds time to help with trash pick ups in the city, tutors students, and helps with an after-school program for middle school students on Fridays.

The psychology major hopes to work with children with Down’s syndrome or autism. “My purpose is to help these children, and I know they will help me,” she said. “They are so happy and love life. Being around them brings you up.”
