

Let me introduce you to...

Sarah Bradley

Maurice C. Overholt 2010-11 Alumni Association Scholarship

Hometown: Dover

Campus Attending: York

Major: Business Administration

“Receiving the Alumni Association Scholarship meant I did not have to worry about money. Because of it, I don’t have to work. I can go to school, help my family, and still volunteer. I like giving so it’s hard to humble myself and say, ‘I need help.’ I am so thankful. I feel blessed.”

Sarah is the rock of her family. Her legally-blind father depends on her for transportation, help with chores, and assisting with the needs of her younger sister. Although the 21-year-old honors student carries a full class load at HACC’s York Campus and bears many family responsibilities, she still finds time to be active in her church, volunteer at the Dover Area Community Library, and participate in community service as part of HACC’s Phi Theta Kappa Honors Fraternity.

The business major plans to transfer to York College next year to study accounting. Sarah hopes to work as an accountant to earn enough money to own a horse rescue farm. “I want to get a good job, so I can give back to my community and especially to my community college. HACC has been a wonderful learning experience for me,” she said.
