Workshop Facts

- All workshops will be conducted in Whitaker 123I.
- Registration is not required. Students are invited to attend on a drop-in basis.
- Attendance may be limited to 14 students.
- Students attending workshops for extra credit must indicate the instructor's name on the sign-in sheet to ensure proper credit.
- Instructors may request in-class sessions for any of the workshops shown on this list.
- Citation Workshops (APA and MLA) are designed to supplement but not take the place of classroom citation instruction.
- *The Language of Math* is designed to familiarize students with mathematical terms and assist in solving work problems.
- *Real World Applications for Math & Science Courses* aims to show students the relevance of required math and science courses.
- Students may request individual workshops if the times listed are not convenient. Please allow 48 hours notice. Individual workshops end April 30 and must be scheduled in advance no later than Friday, April 27.
- Additional workshops may be scheduled if there is sufficient demand.
