

Policies Affecting Program Admission

Repeating courses

Students may repeat a course for which they have received a D, F, I, Y, or W grade. Students usually may not repeat a course for which they have received a grade of C or higher unless the student or course meets the criteria contained in Administrative Procedure 668. Note - Repeating courses may negatively affect clinical candidacy. *See your advisor.*

Course Withdrawal

You may drop/withdraw from courses through the last class day prior to finals beginning. Once finals week has begun, you may no longer drop/withdraw from classes in a term. (Administrative Procedure 632). Dropping courses could impact your eligibility for financial aid, Veterans Education benefits, or coverage by your parent's health insurance. Note - Withdrawing from courses may negatively affect clinical candidacy. *See your advisor.*

- Be sure to *officially* withdraw from a course if you don't plan to attend.
- Telling your instructor that you are dropping the course does not constitute an *official* withdrawal.
- Without an *official* withdrawal, you will receive a grade of "F" for the course.

GPA calculation

Whether you are looking to improve your grades or need your GPA within your major, there are several calculators on the web that can help you. GPA affects clinical candidacy. *See your advisor.*

Seven Year Rule for Science Courses

The accepted time limit for science (including Allied Health) courses (HACC or transfer) for use in health career program requirements is 7 years.
