<b><u>Triangle Communications, Inc.</u></b> <b><u>New Cumberland, PA</u></b>	<b><u>\$21,931.15</u></b>

**BACKGROUND**

Per Administrative Procedure 222 – Purchasing General, bids were solicited through the Commonwealth of Pennsylvania’s DGS eMarketplace and HACC websites. In addition to public advertisement, nine (9) vendors were solicited, including seven (7) state contract vendors. One (1) vendor submitted a proposal. The boxes use the safety and security department’s two-way radio system, which is strategically placed on campus to allow the campus community to immediately reach security personnel if they have a need for assistance or during emergency situations. The call boxes provide a cost effective way to expand current communications and security coverage, reducing response time with instant, reliable and effortless notification. The budgeted amount is \$25,000.00.
