**HACC: Central Pennsylvania's Community College**  
**Addendum 1**  
**Midtown 1 – CCTA**  
Weld Smoke Collectors

Pre Bid Meeting  
November 19, 2007  
2:30pm

**Minutes**

---

Attendees:

Jan Brindo – Air Cleaning Systems, Inc  
Dennis Sponsler – Effective Controls, Inc  
Garry Crider – HACC

Ed Burns – HACC  
Chuck Via – HACC  
Ray Wright – Eastern pcm, LLC (author)

---

1. Project Overview:

The project includes providing and installing two (2) weld smoke collector units in the dedicated space provided, including ductwork, telescopic arms, compressed air line and electrical connections. Units shall be started and tested upon completion of installation.

2. Prevailing Wages:

Prevailing wage rates will be applicable to this project. HACC will obtain the wage rates for this project and issue them in the Addendum on or about November 27, 2007.

3. Power for the weld smoke collectors will be provided as follows:

- A 60 Amp 240V disconnect will be provided for one weld smoke collector, mounted on the wall adjacent to the collector.
- Power for the other weld smoke collector will be provided from a 60A fused bus duct end plug. The bus duct is located just outside the room where the collectors are located. Bidder shall assume making a final connection within the room.

4. The weld smoke collectors require connection to ½” compressed air line. Bidder shall install line to a connection point within the room where the collectors are located.

5. Bids will be due on December 6, 2007, by 11:30 am.

6. Bid approval is anticipated on January 8, 2008.
