

- c) G & D Fax: 717-657-9705
 - d) G & D E-mail: rhennig@gatterdiehl.com
 - e) Last day for questions: December 10, 2009
- 1.4 Addenda - Expected to be issued via fax or UPS (depending on size) on or about the following dates:
- a) Addendum No. 1 – Issued on December 1, 2009
 - b) Addendum No. 2 – December 4, 2009
 - c) Addendum No. 3 – December 11, 2009 (if required)
- 1.5 Prevailing Wage Rates are located in section 00820 of the Project Manual.
- 1.6 Building Permit
- a) Building Permit will be obtained and paid for by Owner
 - b) Trade specific permits (i.e. Electrical, Plumbing, etc.) are to be obtained and paid for by applicable contractors in accordance with jurisdictional requirements
- 1.7 Project Overview
- a) General: The work will be performed under Multiple Prime Contracts and consists of the installation of a weld smoke collection system, gas piping for welding gases, compressor and compressed air piping, electrical distribution for owner-furnished equipment, and ambient air cleaning equipment.
- 1.8 Temporary Facilities & Controls
- a) Staging Area: The north parking area will be used for staging, which must be kept to a minimum due to the congestion of the area.
 - b) Contractor Parking: Designated parking for Contractors will be the parking lot directly across Fourth Street from the job site.
- 1.9 Ray Wright noted that the storage of materials inside the facility will be very limited. Any storage of materials on the second floor will not be allowed.
- 1.10 The Owner will provide fifteen (15) new and one (1) existing weld smoke collection arms and wall brackets. The existing arm will be disconnected from the current system by Others.
- 1.11 The exterior concrete pads for the weld smoke collectors will be provided and installed by Others.
- 1.12 Completion of Masonry Shop and portions of the Machine Shop cannot be performed until the existing welding smoke demolition occurs. Work in these areas shall be completed by May 15, 2010.
- 1.13 The Contract Documents specify a basis of design manufacturer for weld smoke collection equipment and is not proprietary. Contractors are asked to review the requirements for substitution requests as identified in the Project Manual.

Respectfully Submitted,
Justin J Kovaleski, Eastern pcm, LLC
