Work With Professional Actors!

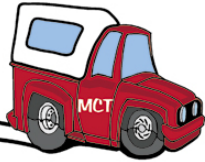

The Missoula Children's Theatre provides a week-long residency "starring" 50-60 of our local students in a full-scale musical. MCT has been touring for more than 30 years. Their mission is the development of lifeskills in children through participation in the performing arts. Creativity, social skills, goal achievement, communication skills and self-esteem are all characteristics that are attained through participation in this unique and educational project. Their team of two professional tour actor/directors arrive in our town with scenery, costumes, props, make-up and basic lighting—everything it takes to put on a play...except the cast.

This week-long residency begins with an open group audition on Monday and culminates in two public performances on Saturday. Fifty to sixty students ages 7-18, are cast and well rehearsed throughout the week, learning lines, songs and choreography to perform as an ensemble in producing a full-length musical. All of their shows are original adaptations of children's stories and fairytales—a twist on the classic stories that you know and love.
