Your Bachelor’s Degree Is Closer Than You Think!

5 Degrees, 4 Schools All Close to Home at HACC’s Lancaster Campus

Students can complete a bachelor’s degree from Immaculata University, Albright College, Elizabethtown College or Millersville University at the Lancaster Campus of HACC, Central Pennsylvania’s Community College. This will help students save in travel costs and provide a local and familiar environment to finish their four-year degree. HACC graduates and college students with the sufficient number of college credits and who meet admission requirements are eligible to enroll in the program.

The degree programs are delivered in an accelerated format.
• Elizabethtown College is offering an accelerated bachelor’s degree in business administration.
• Immaculata University is offering an accelerated bachelor’s degree in health care management and bachelor of science degree in nursing.
• Albright College is offering an accelerated bachelor’s degree in its crime and justice program.
• Millersville University is offering an accelerated bachelor’s degree in Early Childhood Education. (Not offered Fall 2014).

All the classes are taught by faculty from the respective institutions. The program also includes access to services such as admissions, financial aid and registration by the respective college or university at HACC. Advising, tutoring and library services are also available. Students in this program will pay the tuition rate of the institution in which they enroll.
