

PEACE POLE

The York Campus of HACC recently saw the installation of a Peace Pole on campus. The Peace Pole is a widely recognized symbol of human efforts to achieve peaceful resolution of conflicts both interpersonally and internationally.

The Peace Pole Project was started in Japan by Masahisa Goi (1916 – 1980), who dedicated his life to spreading the message, “May Peace Prevail on Earth”. Mr. Goi was greatly affected by the destruction caused by World War II and the atomic bombs which fell on the city of Hiroshima and Nagasaki.

After Mr. Goi authored the Universal Peace Message in 1955, a great number of people gathered in support of his vision and activities to spread the Peace Message were promoted throughout Japan. Soon after, Peace Poles inscribed with the Peace Message began to appear in various locations across Japan initiating the start of The Peace Pole Project.

The Peace Pole Project was first introduced to the United States with the opening of The World Peace Prayer Society offices in San Francisco and New York in 1986, The International Year of Peace. Peace Poles are now the most recognized international peace symbol and monument the world over with more than 200,000 Peace Poles standing in over 190 countries.

Our Peace Pole features the words “May Peace Prevail on Earth” in four languages: Spanish, Arabic, Chinese, and English. Though Hindi is technically spoken by more people than Arabic, we chose Arabic because of the language being more widely spoken here at HACC York. You can go to the following link to view an interesting diagram of the world’s languages (<http://www.lucasinfografia.com/Mother-tongues>).

The York campus Peace Pole was donated by Ann Marie and John Judson. It is located just right of the steps to the student entrance of the Leader building. **There will be a formal dedication on Tuesday, September 25 at 12:15 pm.** It will feature a few words spoken by the SGA president and the donors. Please plan to attend if your schedule allows.

She and her Deputy Senior Prosecutor, Dave Sunday, will be visiting our campus and presenting a public forum titled "Heroin – An Epidemic in York County". This topic is relevant to our campus community and **all faculty and staff are invited** to attend this event. **Faculty should encourage their students to attend as well.**

The event will take place on **Monday, October 26, 2015, from 7:00 – 9:00 pm in the Arthur J. Glatfelter Community Room.** Pam Gay's presentation will address the role of the York County Coroner's Office, and how they partner with Law Enforcement, Forensic Scientists, the District Attorney's Office, and the Heroin Task Force to combat the changing face of heroin addiction. Please RSVP to Christine Mummert (commummer@hacc.edu) if you will be attending.

SAFETY AND SECURITY NEWS

The National Association of Clery Compliance Officers and Professionals (NACCOP) held its annual conference on campus safety, law enforcement issues on college campuses and universities, and Clery Act compliance issues. Led by Dolores Stafford, Executive Director of NACCOP and President and CEO of D. Stafford & Associates who has been providing campus safety & federal compliance consulting services since 1997. As an active practitioner for more than 26 years, Stafford has assisted institutions in assessing the security, safety and federal compliance on their college campuses. Safety and Security Assistant Director Edwin Dominguez and York Campus Safety and Security Supervisor/ Clery Compliance Officer Matt Rose attended the conference in Baltimore, MD.

Dominguez and Rose were asked to participate on a committee to help prepare compliance resources tailored to serve the unique needs of two year institutions. Most NACCOP resources are written from the viewpoint of the four year residential institution. Through this committee, Ms. Stafford is seeking to provide resources that will serve the unique needs of community colleges and other two year institutions specifically. Future meetings are to be scheduled.

As an institution, HACC has done a great job ensuring that our college maintains compliance and staying up to date on the latest requirements and legislative changes. A special thanks to our Compliance Officer, Matt Rose for helping HACC remain compliant with the Clery Act and its amendments.

FAREWELL AND THANK YOU

We would like to wish Liz Dunn, Math Department Chair, lots of luck in her new home at the Gettysburg campus. Thanks for being a part of the York campus. We will miss your smiling face!
