## **ADDITIONAL REQUIREMENTS PRIOR TO STARTING THE CLINICAL PORTION OF THE PROGRAM (after acceptance)**

Additional information and required forms will be provided to you upon acceptance into clinicals. Failure to provide all the necessary documentation before the established deadline could lead to denial of admission into the clinical program. The following must be completed (at your own expense) after you have been selected for, but prior to starting the clinical portion of the program:

### **Physical Examination and Required Immunizations**

All students accepted into the clinical component of the program must submit a health examination form completed by a physician/nurse practitioner/physician's assistant with immunization history including verification through blood work. No student will be admitted with a disqualifying result or failure to meet the specified deadline.

### **Background Checks**

All students accepted into the clinical component of the program must undergo annual Pennsylvania Child Abuse History Clearance, FBI Check and State Police Criminal Record Check. No student will be admitted with a disqualifying criminal history or child abuse clearance. Students with criminal backgrounds interested in admission into the clinical portion of any health career program at HACC must follow the Prohibitive Offense Procedure for Health Career Programs.

### **Drug and Alcohol Screens**

All students accepted into the clinical component of the program must undergo a drug and alcohol screen annually at the laboratory specified by the program on or before the stated deadline. This lab is used to protect the integrity of the results being reported. No student will be admitted or retained in the program with a disqualifying result or failure to meet the specified deadline.

### **Current Certification in American Heart Association Healthcare Provider Cardiopulmonary Resuscitation (CPR)**

CPR is required prior to beginning the second semester of clinical coursework.

**Any candidate not meeting these criteria will be denied admission into the program.**

**Accepted** students will only be **admitted** into the clinical phase of the program upon completion of BIOL 111 or 121, and COMM 101 with a C or better OR graduation from a career & technology center dental assisting program.

Typing and/or computer knowledge is recommended. Application deadline is May 1.

All dental assisting applicants will be ranked on the following criteria:

Spring grades are used in point calculation.

Your Points	Points	Criterion
	5 to 15	* Grade in BIOL 111 or 121 A = 15, B = 10, C = 5
	1 to 3	* Grade in COMM 101 A = 3, B = 2, C = 1
<i>* Note: All transferred BIOL 111 or 121, and COMM 101 will be assigned the number of points based on the actual grade earned.</i>		
	3	No history of D's or F's in any course required for program within the past 7 years (Transfer courses included; developmental math and English are not included)
	-1 (per occurrence)	Minus 1 for each W, D or F in BIOL 111 or 121, COMM 101 (within the past 7 years). Equivalent transfer courses are subject to the same deductions.
	5 to 15	Previous Education: points awarded for the highest education achieved: Career & technology center dental assisting program = 15 Any health care (except dental assisting) career & technology center program = 5 Associate's degree or higher (completed at a regionally accredited school) = 5
	2	Completion of computer course (high school or college) with a C or higher
	2.0 to 4	Cumulative GPA (minimum GPA of 2.0) HACC or high school
		<b>Total Score (42 Max)</b> 0 or greater points required (students with negative points not be admitted) In the event of a tie, overall GPA then date of application will be used.

For any transfer student, grades from required courses from previous school will be used in the GPA calculation of this point system.

**The accepted time limit for science courses (HACC or transfer) for use in health career program requirements is 7 years.**

## Health Career Code of Ethics

In order to promote excellence in patient care, the HACC Health Career student, while in their program, or in their clinical uniform, are to:

- Treat patients with respect for the dignity, rights, and value of each individual.
- Provide nondiscriminatory and equitable treatment for all patients.
- Promote and strive to protect the health, safety, and rights of each patient.
- Maintain confidentiality of patient information following privacy regulations required by law.
- Not disclose or share information associated with their health career program about or relating to any patient, person, clinical facility, or clinical experience outside of the sanctioned educational context of the classroom or online course environment with oversight of an instructor. This includes communication in any format including verbal, written, and digital (includes but is not limited to text, email, photographs, and social media).
- Perform procedures or functions within his/her level of education in the profession.
- Refuse to participate in any illegal, unethical, or incompetent acts.
- Disclose any illegal, unethical, or incompetent acts of others to the proper authority.
- Avoid any conduct that creates a conflict of interest.
- Demonstrate professional behavior that reflects integrity and a positive image of the profession and the college.
- Follow all principles of ethical and professional behavior, as identified in the code of ethics of his/her chosen health career.

Students shall be denied admission to a program for breaches in any of the above code of ethics. Students who are in a clinical program and breach the code of ethics will be dismissed from the program and denied access to any other health career program at HACC.

### Health Careers Medical Marijuana Policy

The Pennsylvania Department of Health is currently implementing the Pennsylvania Medical Marijuana Program, a component of the Medical Marijuana Act (MMA) that was signed as [law](#) on April 17, 2016. This program provides access to medical marijuana for patients with serious medical conditions as defined by the Pennsylvania Department of Health.

Currently, the federal government regulates drugs through the Controlled Substances Act, which does not recognize the difference between medical and recreational use of marijuana. Under federal law, marijuana is a Schedule 1 controlled substance, which means that it is considered to have no medical value. Practitioners may not prescribe marijuana for medical use under federal law.

Students entering any Health Careers Program are required to have laboratory screenings for drugs and alcohol upon admission to the clinical phase of the program and on a yearly basis while participating in the clinical experiences. As per current policy, if the results are positive, the student will be dismissed from the program immediately and referred for appropriate counseling.

**Students using medical marijuana will not be eligible for clinical placement in any HACC clinical program**, due to the current discrepancy between state and federal law regarding Drug Free Work Place Act and the MMA. Businesses who are not in compliance with federal law are at risk for criminal or civil charges; and additionally may find issue with eligibility for federal contracts and grants. Additionally, Pennsylvania's Medical Marijuana statute specifically provides that an employer does not have to accommodate an individual in a safety sensitive position if that person is under the influence of medical marijuana. Most positions involving direct patient care will be considered safety sensitive positions.

Students should also understand that under current Pennsylvania State Board law, many health career licensing boards require drug screening at the time of application for licensure. Similarly, most health care employers will perform routine drug screening as a condition for employment, as these positions involve direct patient care, and are considered safety sensitive positions. **This discrepancy between federal and state law allows our clinical partners to deny student placement for clinical experiences and the State of Pennsylvania to deny licensure.**

In order to be transparent with this entire process, we recognize our responsibility to fully inform students of HACC's policy regarding the use of medical marijuana. Due to current laws we cannot provide admission to the clinical phase in any of our Health Career Programs and students who have been admitted and are later to be found positive for medical marijuana will be removed.
