

Alumni Fund for Excellence

As special members of the HACC family, alumni understand the importance of giving back to ensure students can continue to receive a quality, affordable education. The Alumni Fund for Excellence gives the College the capacity for innovation.

Did you know:

HACC was one of the first six higher educational institutions to provide full Apple®'s iTunes U courses along with Duke University, Stanford University, Yale University, Massachusetts Institute of Technology and Open University?

HACC is the region's largest provider for nurses, allied health professionals and first responders, including law enforcement, fire and emergency medical services?

Funds for excellence ensure HACC will remain an industry leader by providing updated equipment in the classroom and advancing and strengthening its programs.

By visiting hacc.edu/GiveNow to make a gift to the Alumni Fund for Excellence, YOU can help students to become fellow proud alumni. You will also be helping your favorite programs to remain on the cutting edge of innovation.

Because of the generosity of supporters like YOU, we are one-fourth of the way to reaching our funds for excellence goal, but we still have a long way to go to help our students and staff remain innovative!

For more information, please contact the HACC Foundation at foundation@hacc.edu.

Miranda Laudenslager, HACC Alumna

"HACC impacts the community in so many positive ways by offering students a chance at an affordable education with a high level of job placement after completion of any program. I currently work for Gift of Life-Donor Program. I completed the Phlebotomy program while I was waiting to be accepted into the Surgical Technology Program; I graduated from the Surgical Technology Program in May 2016. I am a tissue recovery specialist, and I recover tissue from donors that will help others in need."

Danielle Hairston Green, HACC Alumna

"HACC was very close to my home and well known for their excellent programs and community visibility. The community regards HACC as the go to place for their professional development needs and to keep them informed about latest trends and policies related to specific areas of industry. The lessons that I have learned have really been instrumental in my ability to successfully pursue my bachelor's, master's and ultimately my Ph.D."
