

The Global Education Fund for Excellence at HACC

<https://youtu.be/vXOC8UnPZPA>

[Fade in on shot of JENNIFER DALEY, HACC International Student Coordinator, Center for Global Education, sitting at table]

[Fade in music]

JENNIFER

My name is Jennifer Daley and I'm the International Student Coordinator here at HACC. I work in our Center for Global Education and I've been advising our international students for over 15 years now.

[Cut to close-up of JENNIFER talking]

JENNIFER

The Global Education Fund for Excellence will help us to implement key strategic initiatives

[Cut to photo of large group of international students smiling into camera]

JENNIFER VO

to help with international student integration into the community, international student success.

[Cut to shot of international students interacting at event]

JENNIFER VO

One of the initiatives we'd like to implement is a mentoring and leadership program,

[Cut to shot of international students interacting with staff at event]

JENNIFER VO

which will help them feel connected

[Cut to shot of international students interacting with faculty at event]

JENNIFER VO

to the college and we've seen

[Cut to shot of international students smiling at event]

JENNIFER VO

that a sense of belonging

[Cut to shot a campus Welcome Center and a student and staff member talking and shaking hands]

JENNIFER VO

makes a major impact on student success.

[Cut to shot of international student fashion show]

JENNIFER VO

And we see the impact as threefold. One,

[Cut to shot of international students posing for a smartphone photo]

JENNIFER VO

it provides programming to support our international student success.

[Cut to shot of international students interacting at event]

JENNIFER VO

And two, facilitates the interaction between

[Cut to shot of international student talking with a faculty member]

JENNIFER VO

our local resident students and international students to help build cultural awareness and communication skills

[Cut to shot of a globe spinning]

JENNIFER VO

and global competencies that are essential in today's market.

[Cut to close-up of JENNIFER talking]

JENNIFER

And then three, our international students bring a great economic benefit to the region. So their impact is calculated at \$5.7 million to HACC students themselves bring to the Harrisburg community and they support 35 jobs. Please join me in giving to the Global Education Fund for excellence.

[Music fades out]
