

York Campus Scholarships

Goal: \$300,000

With nearly 3,000 students enrolled, HACC's York Campus helps meet York County's need for an affordable, flexible option for a quality education. Our students are pursuing the education and skills necessary to obtain jobs with family-sustaining wages.

Investing in York Campus scholarships is investing in both the students and a robust, vibrant future for York County.

Trades and Technology Scholarship

As demand for workers in trades and technology increases, the campus seeks to grow its academic programs such as heating, ventilation and air conditioning (HVAC), automotive technology, welding and electrical technology. Establishing scholarships focused in these areas will enable HACC to attract top-notch students and ensure that qualified workers are available to fill vacant positions.

Merit-Based Scholarship

Merit-based scholarships are awarded to students based on strong academic performance. The York Campus merit-based scholarships will recognize and attract those students who show the potential and promise to make an impact in York County.

Fine Arts Scholarship

Art and design classes are now being offered at the York Campus, and there is a dire need to provide financial assistance to students who want to study the fine arts. The York Campus can fill a regional need for arts education, and offering fine arts scholarships may entice art and design students to attend HACC.

HACC Academy Scholarship

HACC Academy programs at the York Campus are an important pathway for many local high school seniors. The Academy enables students to pursue careers in healthcare or trades, providing the necessary skills to enter the workforce or to continue their education.

York Campus New and Existing Funds

Additional contributions would allow HACC to award scholarships to more eligible students. New scholarship funds in honor or memory of a family member, friend, professor or organization will help HACC recruit and retain students who would not otherwise be able to afford higher education.

For more information, please contact the HACC Foundation at foundation@hacc.edu.

"The scholarship(s) I have received provided me enough money to help pay for a whole semester along with additional expenses. This aid helped my family and [me] tremendously, relieving a financial stress at a very opportune time for us. As stated in the letter I wrote to my donors, I plan on using this money wisely to continue with my education."

-Myles Breisch, HACC Student
