April 17, 2020

Pre nursing students:

We sincerely appreciate your patience while details have been worked out to offer the TEAS examination with remote proctoring. Beginning Tuesday, April 21st, students will be able to complete the registration and payment process at the ATI website - [https://www.atitesting.com/ati_store/TEAS-Products.aspx](https://www.atitesting.com/ati_store/TEAS-Products.aspx). Please note: the testing fee for students has not changed; the college is absorbing the additional cost of the Proctorio component.

The attached Student Quick Start Guide for Remote Proctoring with Proctorio provides an overview of the technical requirements and process for ensuring a successful test experience. It is imperative that you read this carefully and understand the technical requirements. An additional communication will be sent after you have completed the registration process at ATI. This second communication will provide you with two Assessment ID’s: One assessment ID is for the “practice” session, where your computer and technical requirements will be checked and you will take a short “practice exam.” The “practice” session will be 24 hours prior to your scheduled appointment date and time. The second assessment ID will be for the day of the exam. For example, if you register to take the exam at 12 p.m. on a Tuesday, you will be expected to take the “practice exam” at 12 p.m. on the Monday before. Please keep this in mind as you schedule your testing appointment.

Set Yourself Up for Success

Technical Requirements include the following:

- Microphone: Any microphone, either internal or external
- Webcam: 320x240 VGA resolution (minimum) internal or external
- Desktop or laptop computer (NO iPads, tablets, or phones are to be used) with the ability to download Google Chrome

Also:

Purpose
ATI is partnering with Proctorio to virtually proctor assessments. Proctorio is a remote proctoring platform that uses machine learning to proctor students from wherever they may be. Proctorio offers a variety of secure exam settings including video, audio, and screen recording designed to maintain the integrity of the assessment and ensure uncompromised exam results.

- One piece of blank paper to be used during assessment. Please destroy the paper upon completion of the exam.

Ready to take the assessment?
It is essential you follow the entirety of the following steps.

Begin by opening Google Chrome. Log into your ATI student account: My ATI tab > Test tab. The available proctored assessment will show. Click Begin.

You will be sent to the getproctorio.com webpage. Here, you will be prompted to install the Proctorio Chrome Extension. You will only need to do this the first time you take a proctored assessment via Proctorio.

This will send you to the Proctorio page within the Chrome Web Store. Click Add to Chrome > Add extension.
Once the extension is installed, navigate back to the getproctorio.com webpage. You will see a list of instructions, restrictions, and data collected during the assessment. **IMPORTANT:** At the bottom of the page, you may encounter a warning regarding RAM. We recommend closing all other systems or windows. You should be able to move forward to the exam pre-checks regardless of this error.

At the bottom of the page click **Start exam pre-checks.** You will be prompted to allow Proctorio to access your camera, microphone, and screen. Once the system has completed its checks click **Next** at the bottom of the screen.

You’ll be prompted to allow screen share. **IMPORTANT:** You will need to click on the screen within the prompt, which will change the 'Share' button to blue. Once the system has completed its checks click **Next** at the bottom of the screen.

Next, you will be asked to show a photo ID to the camera. This is used to validate your identity. Click **Next.**
The site will then conduct a webcam image test. The system will take five photos to verify that your webcam is working correctly. Click *Begin camera test*. **IMPORTANT:** If you are not in a well-lit room, your camera may not be recognized, and you will not be able to move forward.

Next, you will be asked to show your exam environment by using your device’s camera to scan the room in which you will be testing. Click *I understand*.

Finally, you’ll be asked to sign the test taker agreement. Click *Start test*. **IMPORTANT:** You may have to move the screen sharing banner bar at the bottom of the screen. Once your instructor approves your admission into the exam, the system will automatically launch your test. **Do not hit refresh.**

**During the test**

While taking your assessment, there will be a box labeled Quiz Tools available to you on the screen. With Quiz Tools, you can zoom in/out. If you experience any issues with the system, you can begin a live chat with a Proctorio employee. This will not connect you with your instructor.

Once you complete the assessment, your Proctorio session will end, and your results will be available to your instructor and the student portal (if enabled by your institution).

**SUPPORT**

If you experience issues when installing the Proctorio Chrome extension, please contact ATI Support at 1.800.667.7531. If you experience technical issues during your assessment, contact Proctorio directly via the chat option in the Quiz Tools window.
