

# HACC's Orthopedic Massage Program

Take your practice to a new level with advanced orthopedic massage.

**January 6 thru 10, 2020**

\$495 for all 5 modules 30 CEU's

Each module may be taken separately, however all modules must be completed to receive an orthopedic massage certificate.

## Modules:

- Muscle energy techniques – MET
- Cervical
- Lumbar
- Shoulder Girdle
- Hip, Knee and Ankle

This series of classes will cover:

- anatomy
- relevant dysfunctions
- assessment of tissue through hands-on palpatory skills
- soft tissue manipulation for pain relief

Instructor: Kari Pincin

Licensed and nationally certified massage instructor who is passionate about education. Student centered, organized, problem solver who focuses on the individual needs of each student while promoting an open learning environment. An entertaining educator who uses humor to engage students in difficult material. Possesses excellent interpersonal, written, and oral communication skills.

## Who do I contact for more information?
