This Addendum is hereby made part of the Request for Bid No. RFB12-06 dated September 30, 2011. The provisions of this Addendum are intended to supplement the provisions and scope of work and/or supersede them where contradictory thereto.

### **CLARIFICATION**

HACC received a question concerning the bid for ammunition:

**Question:** It's stated that "training" ammo is required. I want to be sure we are using the same definition for training ammo as this can vary from one agency to another. Training ammo is normally non-expanding tip, non-hollow point, FMJ (full metal jacket) ammo not meant for duty use. Is this correct for your needs?

**Answer: Yes, full metal jacket is what we normally utilize for our training purposes. This serves our training needs and requirements.**
