MRS. CAMPBELL:

Hi, we're the Campbells.

MR. CAMPBELL:

My college career, I thought it would have been better if I had went to a two-year school.

MS. CAMPBELL:

I ended up going to HACC and my twin sister. Even though it wasn't my first choice off the bat, it turned into a dream school for me, like a dream decision. HACC really did set us up for success and I'm so, so thankful.

MRS. CAMPBELL:

So if you're thinking about what school your child should go to, I would absolutely recommend HACC.
