College Mace
The College Mace is a ceremonial staff symbolizing the authority of the College. It was crafted by Maurice C. Overholt, vice president emeritus of administration, who was the first business manager of HACC. The Mace is made from a cherry tree cut down during the construction of the John N. Hall Technology Center. The symbols at the top of the Mace are made of brass. Taken from the College Seal, each symbol represents an aspect of the College’s educational mission.

The Academic Procession

One of the oldest traditions of colleges throughout the world is the academic procession. The caps, gowns and hoods seen in the procession at this Commencement are inheritances from the university scholar of more than 600 years ago.

In the early days of the universities, the ordinary dress of the scholar, whether a student or teacher, was the dress of a cleric or clerk. He wore a long gown with a long sleeveless tunic over it, and in cold weather, a long full cloak to which a shoulder-length cape with a hood was attached. From these long gowns and hoods, the present-day academic wardrobe evolved.

University regulations regarding dress among students and faculty first were issued in the 14th century, and in many universities, rules specifically prohibited scholars and faculty from wearing high-fashion clothing.

Color had symbolism in the medieval university, but there was little uniformity from one institution to another. The definite association of certain colors with certain ranks and degrees was standardized in the United States in 1895. The regulations prescribe the style of gowns and the colors that represent the different fields of learning.

The colorful hoods, which indicate fields of learning and the institutions conferring the degrees, originally were worn over the head, but in England during the 16th century, caps replaced the hoods and the hoods were worn draped over the shoulders. As caps became larger, they were stiffened with boards and developed into the present-day mortar boards.

The tassel evolved from a tuft on top of the medieval scholar’s skull cap. In current usage, a gold bullion tassel denotes the doctoral degree. The principal fields of learning are represented by colors as follows:

- Agriculture - Maize
- Architecture - Blue Violet
- Arts, Letters, Humanities - White
- Commerce, Accountancy, Business - Drab
- Dentistry - Lilac
- Economics - Copper
- Education - Light Blue
- Engineering - Orange
- Fine Arts - Brown
- Forestry - Russet

- Law - Purple
- Library Science - Lemon
- Medicine - Kelly Green
- Music - Pink
- Nursing - Apricot
- Oratory, Speech - Silver

- Philosophy - Dark Blue

- Public Administration - Peacock Blue
- Public Health - Salmon Pink
- Science - Golden Yellow
- Social Service, Social Work - Citron
- Theology - Scarlet
