

**Dr. Ski Video to Spring and Summer 2023 Graduating Students:**

Hi, future HACC graduate!

I can't wait to celebrate you and your accomplishments at HACC's spring 2023 Commencement ceremony on May 9th! This event brings together your biggest supporters - including family, friends and the HACC community - as you turn your tassel and become a HACC alum.

I hope you feel proud of what you have accomplished up to this point - I am. The last few years have been challenging for many of us, but you continued to show up for yourself and the people in your life who matter. Now, your HACC education is about to lead you to new adventures and opportunities.

I look forward to our spring Commencement ceremony and the privilege of joining you for this momentous occasion.

Congratulations and best wishes!
