Welcome to HACC's spring 2022 Commencement ceremony.

I am delighted to be here with you today as we celebrate your remarkable achievement of obtaining a degree, certificate or diploma from Pennsylvania's first, largest and in my opinion, best community college.

You and your peers have worked hours to reach your goals, and I know this journey has not always been easy. You may have attended remote classes, while your young children sat next to you. You may have battled the pandemic on the healthcare front lines, while you cared for a sick loved one at home. All of you; however, forged ahead during these uncertain times and decided to advance your education and the lives of those around you.

Please know that the HACC community will **applaud** you and your academic achievements and we are confident that you will go on to do great things in your lives and communities. When some of you were asked what your next steps are following graduation, the responses included the following:

-  Use your HACC education to begin mental health careers in the areas of in- and out-patient organizations, serve as health coaches to help others combat their risk of chronic disease to become their healthiest selves and help stop the stigma of addiction
-  Transfer to four-year schools to obtain your bachelor's degree in secondary English education, social work, architecture and computer science (Many of you even plan to obtain your master's degree!)
-  Enter the workforce as medical assistants, medical sonographers, teachers and paralegals
-  Kick-start your own businesses, including beauty salons, and cleaning, childcare and music companies
-  Travel and spend time with your families

You and your peers will soon join an Alumni Association of more than 100,000 #HACCproud individuals from Central Pennsylvania to Japan and everywhere in between.

I also hope you will periodically find time to email me with an update on how you are doing at ski@hacc.edu.

Congratulations!

Thank you!

College Mace

The College Mace is a ceremonial staff symbolizing the authority of the College. It was crafted by Maurice C. Overholt, vice president emeritus of administration, who was the first business manager of HACC. The Mace is made from a cherry tree cut down during the construction of the John N. Hall Technology Center. The symbols at the top of the Mace are made of brass. Taken from the College Seal, each symbol represents an aspect of the College's educational mission.

Naja Channell Grierson-Stephenson Student Representative

Naja Channell Grierson-Stephenson grew up in West Philadelphia with her Jamaican parents and siblings. As a child, she had a great love for art, photography, fashion and shoes. When she graduated from Overbrook High school, she pursued a degree in fashion design but shortly after became a parent. In April 2010, she became a military spouse to her high school friend and started her journey as a Marines wife. As she met different military families, especially Purple Heart families, she realized that she wanted to make a difference by counseling or providing therapy in the military community. In 2018, she started toward her educational goal at HACC, Central Pennsylvania's Community College, to gain an Associate in Arts in psychology.

During her first year at HACC, she became HACC's African American Student Association president. Prior to the pandemic, she volunteered at all Student Program Board (SPB) and Virtual Learning Student Advisory Council (VLSAC) on- and off-campus events with her children.

On July 26, 2019, her best friend, La'Shana Gilmore, died unexpectedly during childbirth. Two days later, Grierson-Stephenson had major knee surgery that left her partially paralyzed for six months. After getting discharged from the hospital, she had intense physical therapy for one year at her home and transitioned to aquatic and land therapy for an additional year. She didn't allow her depression from losing her best friend or knee surgery to cease her educational goals at HACC.

She plans to continue her education at a university, followed by attending medical school and earning an advanced degree in psychology.

Her favorite quote that her father told her as a teenager is, *"If you let every rub bother you, how will you get polished!"*

Alumnus Speaker Dante Swinton (He/him)

Dante Swinton is a people leader at Comcast/NBC Universal. He is a proud HACC alumnus from the Class of 2002 and serves as the chair of the HACC Foundation Alumni Committee.

Remembering Konnor Lowman

Biography written by Shad, Janice and
Cindy (Nguyen) Lowman

Konnor M. Lowman graduated from Hempfield High School in 2018. During his time at Hempfield High School, he played volleyball where he enjoyed the game just as much as he enjoyed the team and teamwork.

Konnor, who was taking business classes at HACC, was tragically killed in a motorcycle accident on Oct. 25, 2021.

His family and friends remember him as a well-versed young man, and often you would hear them asking for his advice on finance, cars, motorcycles and anything that happened to be the subject of conversation. He would put others first and had so many other great qualities that are so very long to list. He enjoyed working on his vehicles and motorcycles when he was home, and was always

working on a project that kept him busy. There was always talk, on many subjects, in the background when his Pops (Dad) came home from work.

Konnor was always educating himself on how to figure it out. He had started investing in small stocks, and was so excited and proud that he built a crypto mining rig on his own. He loved to do the research, a trait he got from his Pops, and you could see and hear the transfer of knowledge between them as they would talk.

While attending HACC, he branched his education out to other things, taking real estate classes and completing his state inspection and emissions license.

Konnor and his fiancé, Cindy Nguyen, had a bright future together. They enjoyed going to concerts, car shows, motorcycle rides and car meet and greets; listening to music; and, going to the beach and just being together enjoying each other's company. He enjoyed being with Cindy's family and learning their culture. Everything he did was for the future Konnor and Cindy Lowman to be introduced into the world. Now his legacy lives on every day as we honor him for the most blessed to have the opportunity to have him in our lives. We love and miss you every day Konnor B. You are, always and forever in our lives and our hearts.

A posthumous degree is awarded to a student who has completed the requirements of their HACC program but passed away prior to being presented with their credential.
