

Elizabethtown College
Preliminary Evaluation of Transfer Credits

Upon enrollment at Elizabethtown College, this evaluation will transition into your official Grad Report that is available to you and your advisor team via JayWeb, our online web portal.

Name: **Student Name**

Transferring Institution & Code: Harrisburg Area Community College (002309) (INST ABV = HACC)

COURSES TRANSFERRING IN TO CORE PROGRAM

Students admitted to Elizabethtown College through the Office of Admissions with an earned associate degree, consisting of at least 40 corresponding general education credits, will be recognized as meeting all of the requirements of the Elizabethtown College Core Curriculum with full junior Standing. The foregoing provision does not supersede curricular prerequisites or departmental program requirements established in the College catalog. Nor does it exclude the student from completing the Core Program Capstone (IDC4900) requirement, or residency requirements, for completion of a bachelor's degree. Elizabethtown College is accredited by Middle States Commission on Higher Education (MSCHE). Elizabethtown College will accept the transfer of credits up to a maximum of sixty-four applicable semester credit hours from a two-year institution and ninety-five credits from four-year institution. Students may earn up to a maximum of 32 credits earned through examination (i.e., AP, IB, CLEP, etc.). Official certification of exam scores and official college transcripts are required for credit transfer. Please refer to the [Elizabethtown College Catalog](#) Academic Policies for more detail on graduation, residency, etc.

The Core Program		E-TOWN COURSE EQUIVALENT	CREDITS
Core Program Met in Accordance with Academic Policy			Met
Oral and Written Communication:			
HACC	ENGL101 English Composition I	EN1000	3

BENEFITS TO HACC STUDENTS IN ELIZABETHTOWN COLLEGE'S SGPS PROGRAMS

- HACC students will have access to a dedicated SGPS Admissions Counselor who will provide general college information and resources.
- Upon admission, students will be assigned a dedicated Academic Advisor who will provide personalized attention through graduation.
- All Nursing graduates of HACC (within two years removed of their degree conferral date) will receive three free courses and one free Edge Bundle (2-3 credits) from SGPS.
- All other graduates of HACC (within two years removed of their degree conferral date) will receive two free courses and one free Edge Bundle (2-3 credits) from SGPS.
- Members of Phi Theta Kappa (PTK) who are continuously enrolled in degree programs offered by SGPS will qualify for a 10% tuition discount.
- Once enrolled in an SGPS degree program, students with financial need may be considered for the Charlotte W. Newcombe Scholarship

NOTES:

- The Core program may be satisfied in its entirety by transfer courses (i.e., there is no residency requirement for the Core Program).

IP = In progress; not yet completed according to most recent transcript in Registration & Records Office.

- Elizabethtown College accepts a “2” credit transfer course as satisfying our “3” credit course requirement; however, every enrolled student must complete a minimum of 125 credits to earn a bachelor’s degree from Elizabethtown College.
- Transfer students who have not completed an Associate degree must enroll in Foundations for Accelerated Learning (FS1500).
- The Office of Registration and Records evaluates all potential transfer credits – up to 64 from a two-year institution – and up to 95 credits from a four-year institution in consultation with the department governing the course discipline to determine the identified course equivalency. If a student wishes to appeal further review of an identified course equivalency, please submit a course syllabus to the Office of Registration and Records (regandrec@etown.edu) with “Syllabus Review Request” in the subject line of the email.
- *Pertaining to the Transfer of Associate Degrees policy, the college shall ensure that 40 general education credits correspond to Middle States general education standards, namely oral and written communication, scientific and quantitative reasoning, critical analysis and reasoning, technological competency, information literacy, and the study of values, ethics, and diverse perspectives.*
